

Pandekagespillet

Træning af /p/-lyd og /p/-klynger

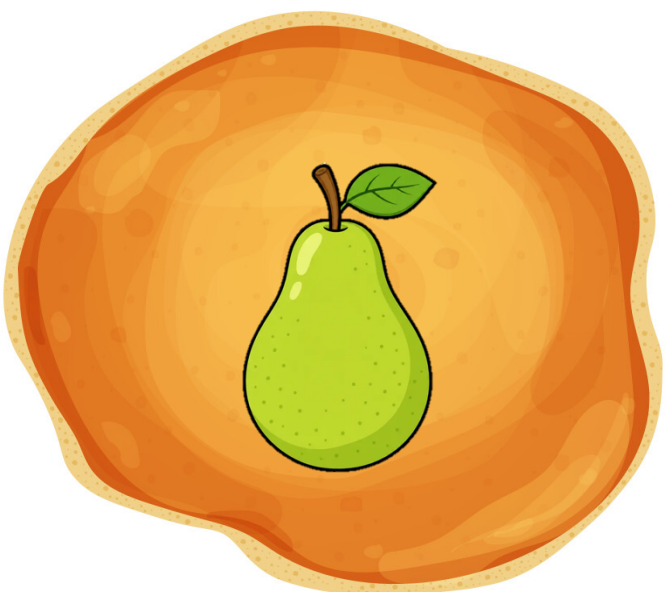

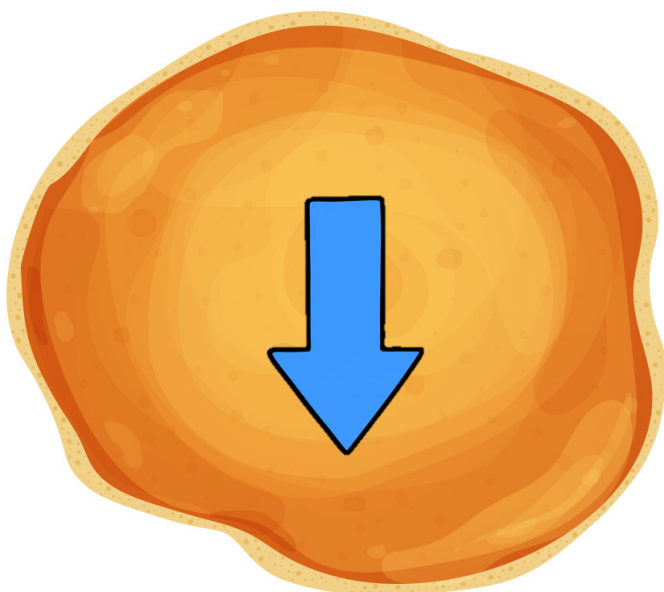

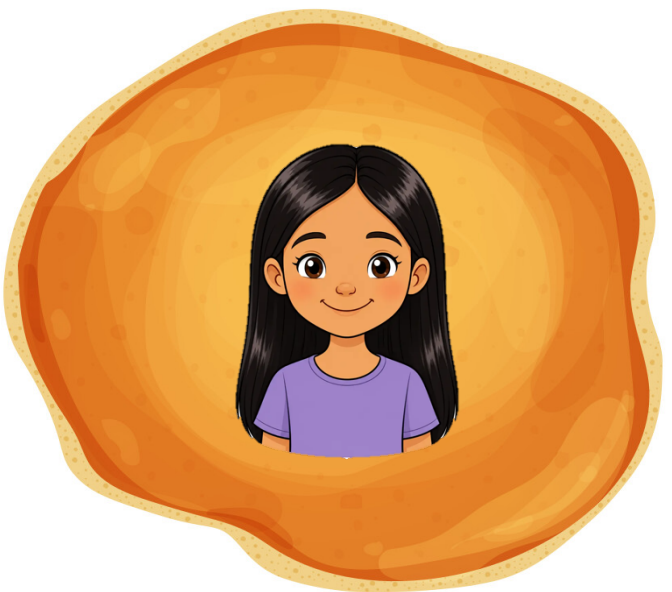

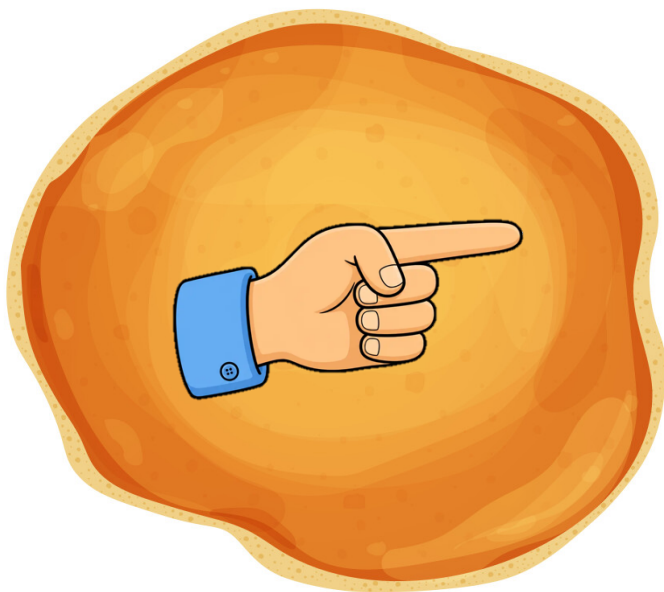

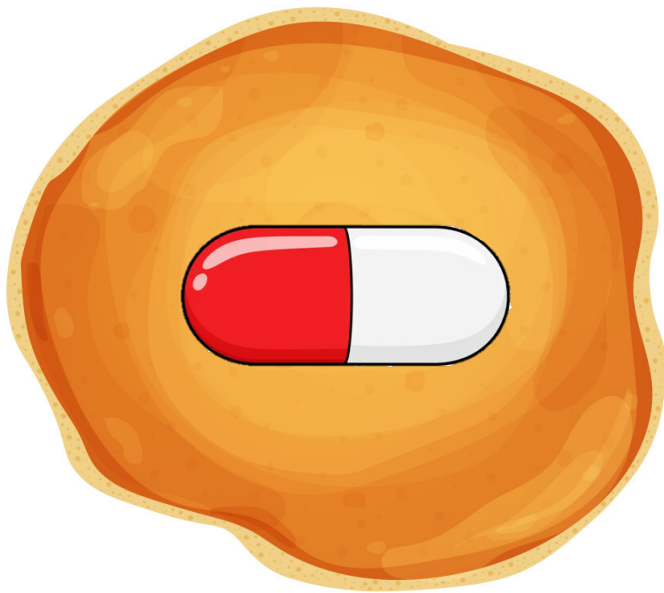

Fremgangsmåde: Først printes materialet ud. OBS! Det er vigtigt at printe ud på begge sider af papiret, så billedet automatisk er under pandekagen. Jeg anbefaler at man laminerer materialet, da pandekagerne ellers vil være meget svære at vende.

Udvælg hvilke lyde du vil arbejde med og klip de pågældende pandekager ud. Placer én pandekage ad gangen på panden. Barnet skal nu med en spatel flippe pandekagen, så billedsiden bliver synlig. Derefter skal barnet benævne ordet. Få gerne barnet til at gentage ordet 3-5 gange, så udtalen trænes. Når alle pandekagerne er flippet, er spillet slut. Et nemt og sjovt spil for alle børn! 😊
