

Pandekagespillet

Til fonologitræning af /f/ og /f/-klynger

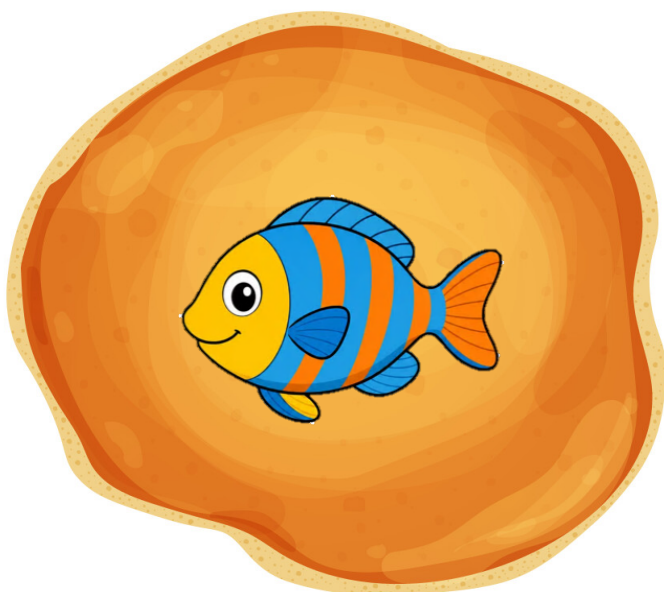

Fremgangsmåde: Først printes materialet ud. Obs! Det er vigtigt at printe ud på begge sider af papiret, så billedet automatisk er under pandekagen. Man bør derefter laminere materialet, da pandekagerne ellers vil være meget svære at vende.

Udvælg hvilke målord du vil arbejde med og klip de pågældende pandekager ud. Alle pandekagerne placeres på panden. Barnet skal nu med en spatel flippe én pandekage ad gangen. Pandekagen flippes af panden, så billedsiden bliver synlig. Derefter skal barnet benævne ordet. Få gerne barnet til at gentage ordet 3-5 gange, så udtalen trænes ekstra. Når alle pandekagerne er fjernet fra panden, er spillet slut 😊
